

Paper product prices in the EU15 based on FAO import and Export values

Paul Rougieux

September 12, 2013

Data was prepared to reproduced a paper on EU15 countries. That is why there are only those countries.

0.1 EU15 Paper and paperboard prices

Prices for all EU15 countries together

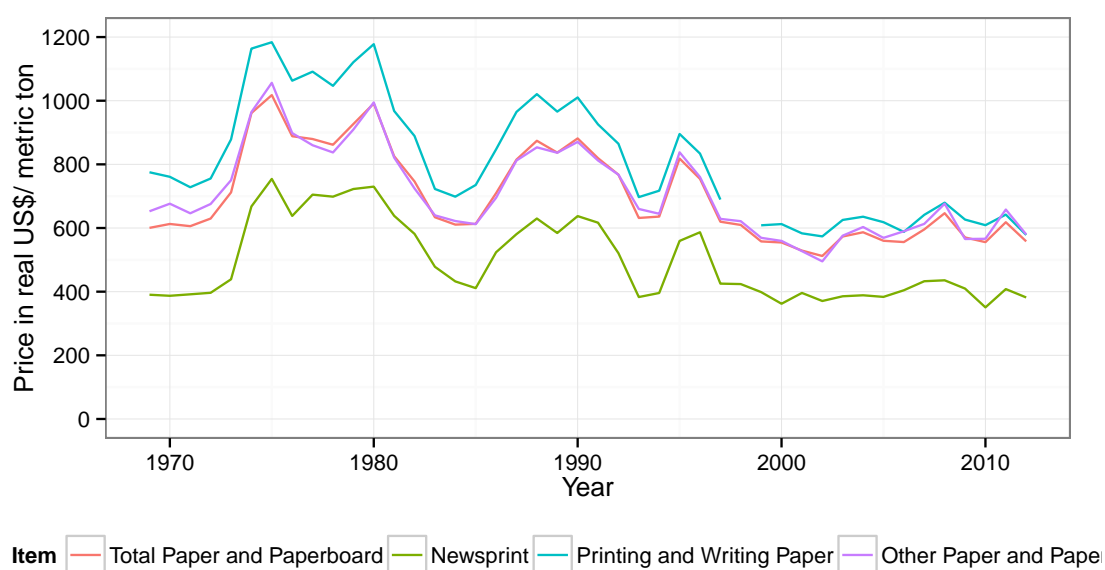

Figure 1: Price evolution of paper and paperboard products in EU15 in USD of 1987, source: FAOSTAT and own calculations

0.2 Prices by Country

One graph by product, one line for each country. Highest and lowest values are highlighted.

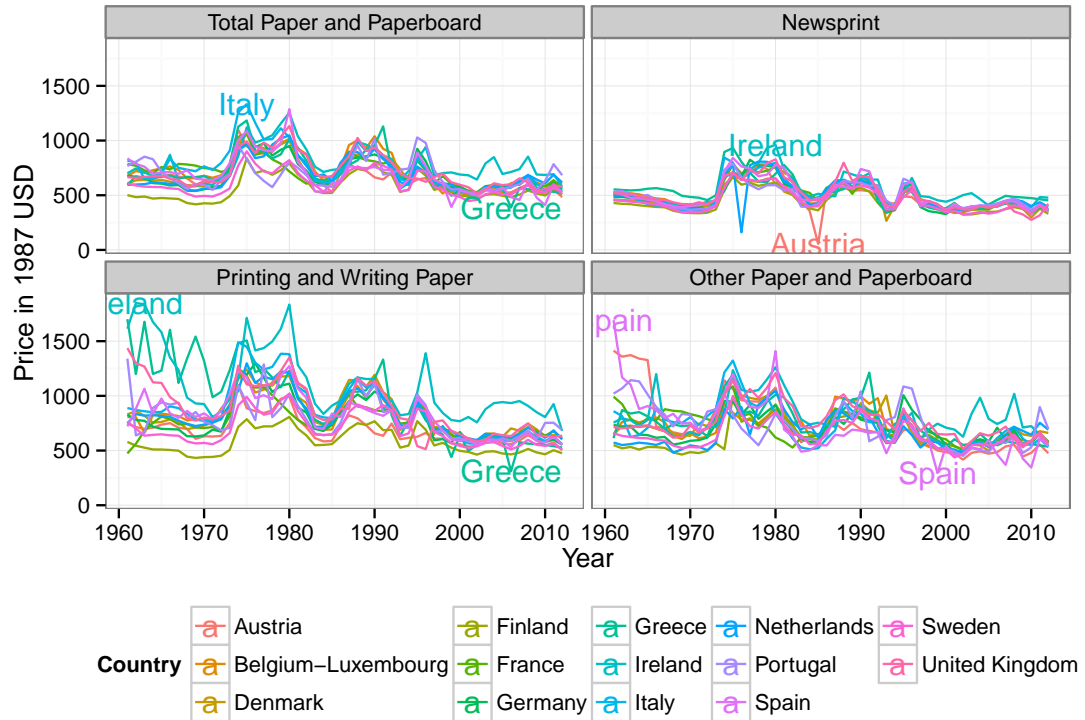

Figure 2: Price by Country, highest and lowest country highlighted

0.3 Prices for 4 major countries

One graph by country one line for each product. Then one graph by product, one line for each country.

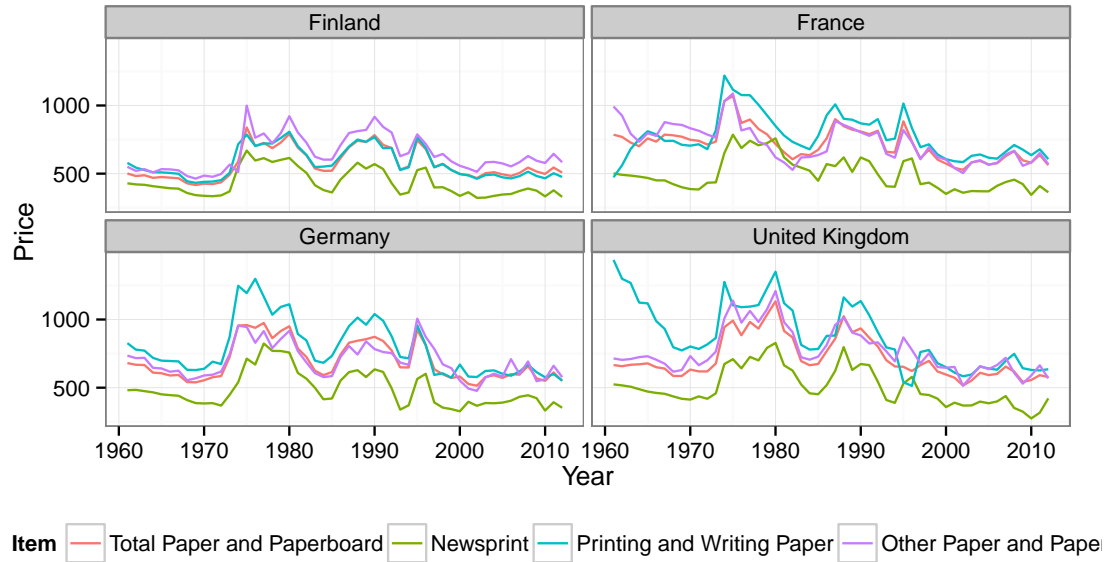

Figure 3: Price evolution of paper and paperboard products in France, Finland, UK and Germany in USD of 1987

0.4 Price histograms

Bar heights correspond to the number of countries in each price range.

```
## [1] 1970
```

```
## [1] 1980
```

```
## [1] 1990
```

```
## [1] 2000
```
